- Maximizing guest experience by ensuring cleanliness of cinema rooms, foyer and bathrooms.

Sales Representative **Sushi World** **May 2022 - Oct 2022**

- Serving customers, handling POS transactions and answering customer queries.
- Maintaining store cleanliness and performing stocktake regularly.

Projects

Personal Portfolio Website

- Using **ReactJS** and **TailwindCSS**, built a personal portfolio website to showcase my interests, skills and projects, adhering to responsive design so that the website looks good on all screen sizes.

Expense Tracker

- Using **Next.js**, **TailwindCSS** and **Firebase**, built an expense tracker that allow users to store user-specific data and manage their expenses, incorporating user authentication.

UNSW Seams

- In a team of 5, worked on the backend of a web-based messaging app. The project involved skills such as Python, Pytest, GitLab, Flask, SDLC process and project management.

Skills

Python, HTML/CSS, JavaScript, ReactJS, Next.js, Tailwind, SQL, Git, Firebase
